Professional Experience

Social Media Promotions | Rebranding Walk & Knock | August – December 2020

Rebranding Walk & Knock is a remote collaborative project that saw the creation of videos, infographics, logos, announcement cards, social media content, and other media to rebrand Clark County's largest and oldest annual food drive and include its new initiative Drive & Drop.

- Generated a social media calendar with planned posts for the Drive & Drop campaign
- Collaborated with content and design teams remotely

Office Assistant | Clark College Diversity Center | March - September 2018

The Diversity Center is a hotspot for hosting events and serving as a safe space for both students and faculty.

- Worked closely with students and visitors both socially and created spaces for respectful communication about Systemically non-dominant groups of people
- Organized events, answered phones, filed paperwork, and served food at hosted events

Projects

Multimedia designer | Video Game: Mikael's Web | February – May 2020

<https://kathleen-zoller.itch.io/mikaels-web>

Mikael's Web is a short collaborative indie game full of moral decisions and diverse characters, made remotely with Zoom, Adobe Photoshop, and Unity.

- Designed background illustrations and generated storyboards
- Collaborated on a 4-person team remotely

Multimedia Creation | Pitbull Awareness | February – April 2020

<https://remiostermiller.com/pitbull-awareness>

The Pitbull Awareness project involved the creation of a multimedia platform to educate the general public about the Pitbull breed and their mistreatment.

- Developed a remixed video in Premiere
- Designed an infographic image

Hobbies

Beta testing new games: Using the platform Steam and offering small monetary donations towards Kickstarter

Kickball: Playing in the World Adult Kickball Association (WAKA) league with friends and family
